THE HALIBURTON COUNTY ECHO

Vol. 94, No. 44 | Wednesday, June 29, 1977 | "The voice of the Highlands" since 1882 | 20 cents

These nine Haliburton Scouts left early this morning for Prince Edward Island, for a giant Scout Jamboree which will include about 15,000 boys from across Canada. Holding the banner are Andrew Hodgson and Dave Elstone. Sitting in front of their pile of gear are Kevin Barnum, Darcy Poole, Brad Chambers, Steve Smith, Steve Dawson, David Bishop and Norman Barry. With the group is Johnston Bailey, the leader.

Grant for new curling club is conditional

Haliburton Village will be getting a new curling club, along with a couple of other facilities in the same building.

The Haliburton Curling Club chose to tear the other building down after an engineers report was conducted on the structure.

In a release from the curling club it is pointed out that the club has received a conditional committment from the Ministry of Culture and Recreation and Wintario, advising that the project of a new curling facility is eligible for financial assistance.

"At this time, the plans call for a completely new curling surface of four sheets, assembly and lounge area, locker room, etc., plus two single squash courts and an area for a senior citizens drop-in centre," the release states.

It is pointed out that the estimated cost of the project is $306,000 with about $100,000 to be raised locally.

"If the squash group can be organized and commit themselves to $24,000 and municipal or other funding can be arranged for the senior citizen portion of $10,000, the project will go ahead as presently planned," the release states.

The release points out though that unless this financing can be arranged, the Haliburton Curling Club will proceed only with the reconstruction of the curling portion of the rink.

"Either way, the curling club will be committed to raising $65,000 locally," the release says.

It points out that this figure should drop to between $30,000 and $40,000 of actual fund raising with the utilization of the assets and useable equipment.

The present curling club building is being dismantled and demonished by Hyland Lumber Limited and will be given a new lease on life as a storage building at their lumber yard.

The new facility will be a Butler steel building and be general contracted by Rocheford Construction of North Bay with almost all sub-contracting done locally. It is anticipated the site will be levelled and ready for new construction by August 1st and the new building ready for the coming curling season in November. The new building will have a cement floor and will be available in the spring and summer months for community activities, as a result, the new facility will be utilized all year round, rather than lying dormant for six months each year.

"It is hoped that the new curling rink will attract more people to the sport as well as spark more out-of-town interest in coming to Haliburton," the release states.

Apportionments

Municipalities to appeal to OMB

Anson, Hindon and Minden, along with other townships, will appeal to the Ontario Municipal Board for a re-adjustment of the Haliburton County Board of Education apportionment.

The apportionment had been appealed to the Board's director and a meeting of all the clerk-treasurers of the County's ten townships was held June 17.

In a special meeting last Thursday, council decided to appeal the decision of the treasurer's arbitration.

Previous to the treasurer's meeting, Anson, Hindon and Minden clerk treasurer, Richard Parisotto, had claimed that market value assessment figures from the Ministry of Revenue showed his municipality could be paying $116,000 too much of the education levy.

Current assessment is not according to market value and the method has been frozen since 1969 when the province assumed the responsibility to equalize the tax system. The ministry has said it will introduce market value assessment, but has not yet been firm about a date, said Mr. Parisotto. It was learned at an OMB hearing June 15 that the figures Mr. Parisotto wants to use were prepared for the introduction of market value assessment in late 1975.

At the treasurer's meeting Mr. Parisotto had moved that the 1977 requisition for Board of Education purposes be increased and decreased using the figures as a basis.

The motion asked that Anson, Hindon and Minden be decreased by $97,462; Glamorgan be decreased by $12,407; Sherborne, McClintock and Livingstone be decreased by $18,809, and Stanhope be decreased by $47,460. The Improvement District of Bicroft was to be decreased by $2,314 and Lutterworth by $563, however these last two did not vote in favor of the decrease in payments.

The vote was 6-4 in rejection of the motion. Cardiff, which stood to increase $24,334, Dysart et al which was to increase $136,811, Monmouth which was to go up $2,607 and Snowdon which was to pay $15,263 more, all rejected the motion.

A motion was then passed in the same voting ration in favor of retaining the current apportionment.

Brian Watson, defenceman for the Washington Capitals, was the guest speaker at the Haliburton Minor Hockey Association Banquet held last Wednesday. Here he is shown with two of his fans, Billy Whittaker (left) and his cousin, Darrin Whittaker.

Recreation under study

Recreation in Dysart et al will be studied this summer.

The municipality has received a grant of $2,200 from the Ministry of Culture and Recreation to look at recreation in the community.

Conducting the study will be Lou O'Hara, of Haliburton, a sports administration student at Laurentian University in Sudbury. He told The Echo that he will need a great deal of input from the general public in the com-

Cont'd. on page 12

Two charged in numerous incidents in Haliburton

The Minden detachment of the Ontario Provincial Police is investigating a number of thefts which happened over the past few weeks in downtown Haliburton Village.

Two persons have been charged.

A small amount of petty cash was taken from the till of Nancy's Flowers, on Sunday, June 26. This followed the theft of some cash from the store on June 18 or 19. The first occurrence was not reported at the time.

There were two shotguns, a 30-30 rifle, shells and safety boots, valued at $560.20, taken from Kennedy Surplus, June 18 or 19. The theft was reported.

Tools and food items were taken from the Molou Theatre June 18 or 19. The theft was not reported at the time.

A five gallon boat gas tank, valued at $50 was taken from Coneybeare Motors, June 26.

In addition there was an attempted break-in at Haliburton Laundromat, June 18 or 19, when thieves tried to pry off one of the windows and an attempted break-in at the Haliburton Stedman Store.

Chris Morrow, 19, of Haliburton and Mark Randolph Nunn, 21, of Haliburton, have been charged in connection with the incidents.

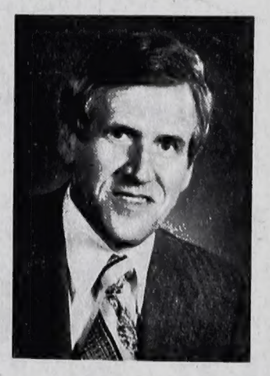
Nunn has been charged with three counts of break, enter and theft, one theft under $200 and two counts of attempted break and enter.

Morrow has been charged with two counts of break, enter and theft, one theft under $200 and two counts of attempted break and enter.

Eakins named to front bench

John Eakins, MPP Victoria-Haliburton, has been appointed opposition critic for industry and tourism. Along with the appointment Mr. Eakins will be sitting in the front bench for the Liberal opposition party.

Mr. Eakins told this newspaper that he is hoping



John Eakins

that he will be able to meet with many people involved in industry and tourism.

He said he is looking forward to meeting with the various tourism bodies in Haliburton County.

Toronto men in crash on lake road

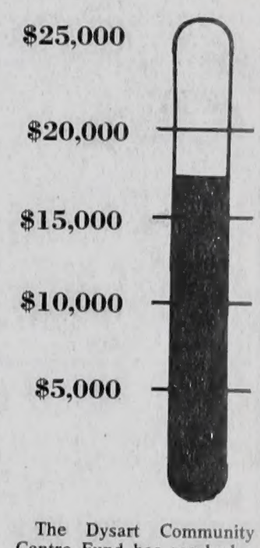
A two car accident on Fortescue Lake Road Saturday, at noon, resulted in a total of $1,500 damage to cars driven by two Toronto men.

Driver of one car was Eric J. Walin, 20, of Toronto and David Boyd, 48, also of Toronto. The accident took place at the crest of a hill.

A single car accident on Highway 35, north of the Twelve Mile Lake bridge, resulted in $1,000 damage to a car driven by Chris G. Scott, 21, of R.r. 2, Minden.

The vehicle struck guide posts on the shoulder of the road, causing $245 damage and then struck a hydro pole anchor in the ditch before rolling over and striking a tree. Scott was taken to Minden Red Cross Hospital with minor injuries.

Cont'd. on page 12



The Dysart Community Centre Fund has reached a total of $17,135 with its recent donations. The goal for the fund is $25,000. The most recent donation is $10 from Giles Connelly of Haliburton. Donations may be sent to Box 382, Haliburton.

Sidewalk is being lowered to street

Motorists on Highland Street parking at the southeast end of the downtown will be able to get out of their cars easier when the sidewalk construction is completed in that area.

Dysart Reeve, Murray Fearrey, told The Echo that the sidewalk construction which is really the ripping up of the old sidewalk and building a new one, will cost $4,600. He said that it is subsidized 50 per cent by the province.

Reeve Fearrey said that the sidewalk is being lowered to just above the street level to cut down on the steep slope which is there now.

Reeve Fearrey noted that the project has been considered for some time by municipal councils in Dysart.

The project will add about three feet to the width of the street in that area which Reeve Fearrey said will give motorists a better chance to get further off of the roadway when parking.

Plans moving ahead for senior building in Minden

Plans are moving ahead at full speed towards the creation of a senior citizens housing project in Minden.

Last Wednesday, Council approved the signing of an offer to sell municipal property to the Ministry of Housing. The project is to be situated at the corner of Parkside Crescent and Bobcaygeon Road.

The current plan calls for the creation of a 24-unit project. But Sid Palmer, project co-ordinator, located in Toronto, said he has requested a new need and demand supply which could indicate that more units are needed.

He said the ministry has started with four sites and rejected three because of size, or soil tests which indicated the costs of foundations would be at a premium.

He noted that specifications for government construction jobs are considerably higher than for the private sector.

There are only two hold ups in the planning of the project at this time. One is a piece of property on the site and the other is the completion of soil tests for the property.

One section of the land to be used is owned by the Minden Investment Club which had given the government a price which did not agree with the government's assessor's price. The man handling the land purchase for the Ministry has gone back to Toronto to ask for a reappraisal of the land's value.

Reg Booth, reeve of Anson, Hindon and Minden, said he anticipates no problem in overcoming the price obstacle.

Mr. Palmer said that after the tests are completed he will be able to calculate the cost of the project. He said, "We don't start anything until we get the soil tests back." He noted that if everything goes according to schedule there could be a modified tender call in early 1978 with construction to being in April. "It's all subject to weather and approval", he said.

He added the units will be two storey structures with a common recreation room and laundry room. There will be one bedroom, a 4 piece bathroom, stove, fridge and a kitchenette in each apartment.

Graduating students at Haliburton Highlands Secondary School were honored Sunday night at the school's annual commencement ceremonies. The students were marched into the school by two pipers.

For more details on the commencement exercises see the front page of The Echo's second section.

Minden Rotary's 30th Anniversary

Richard Schell looks over the gavels presented to past presidents of the Minden Rotary Club Saturday night, with Lawrence Pritchard. Mr. Schell is the immediate past president, while Mr. Pritchard, as well as being a charter member of the club when it was formed 30 years ago, is the longest serving past president. The club held an anniversary celebration at Hunter's Horn.

Past presidents and charter members were among the many honored at the 30th Anniversary of the Minden Rotary Club.

The club celebrated the anniversary last Saturday night with a dinner and dance at the Hunter's Horn.

The club was formed in 1947, with the late Ken Curry as the first president. Mr. Curry was also a president of the Peterborough Rotary Club before moving to Minden and being instrumental in the formation of the Minden Club.

Charter members present for the dinner and dance were Harry Cowen, Lawrence Pritchard, Lorne Coburn, Percy Brintnell, Clarence McInerney, Allan Rogers and Maurice Windsor.

The charter members were honored individually with a toast and a presentation.

Past presidents of the club were honored with the presentation of gavels inscribed with their year of presidency and Minden Rotary Club.

The gavels were made by the present Rotarians at Dr. Leonard Birch's workshop.

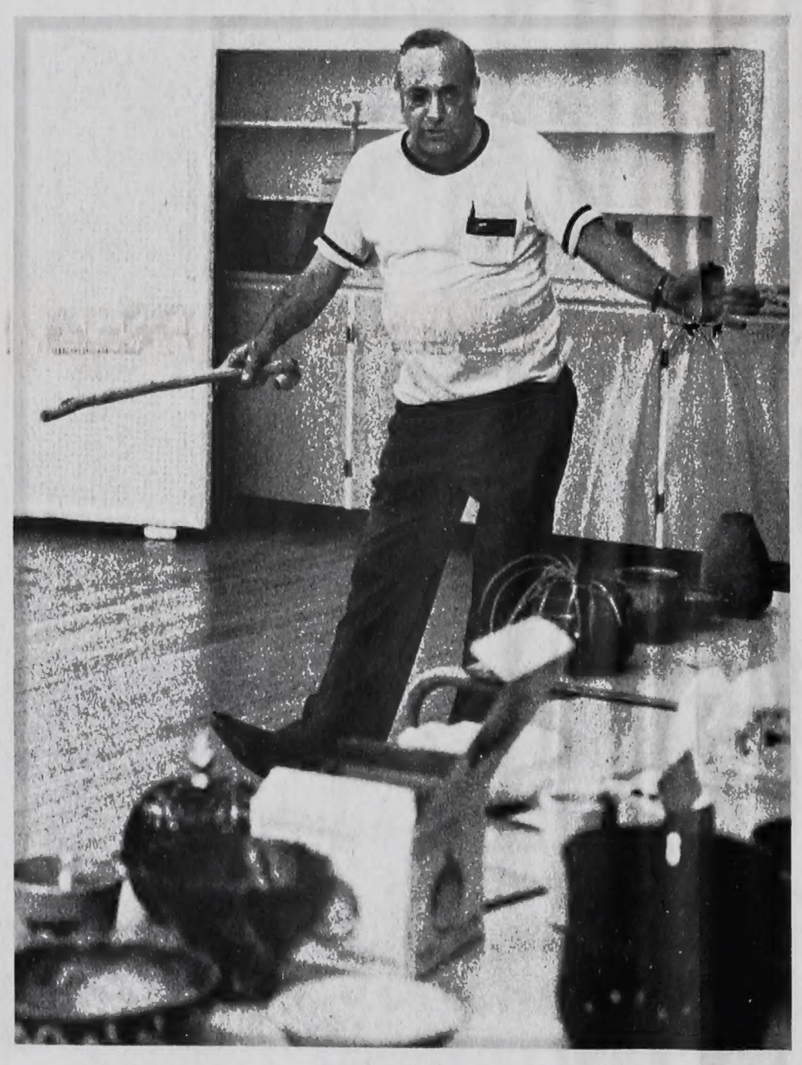
Head table guests included Lawrence Pritchard; Robert Vick, Warden of Haliburton County and his wife Audrey; Dr. Leonard Birch; Beverly Simmons; Sharon Jensen; Richard Schell; Maurice Windsor; Audrey Curry, the widow of the late Mr. Ken Curry; and Mr. and Mrs. Don Finn.

Another highlight of the evening was the changing of the presidents from Richard Schell, the 1976 to 1977 president to Dr. Leonard Birch, the president for 1977 to 1978.

Anson, Hindon and Minden Reeve, Reg Booth, was presented with a gift from Linda Danvers, Rotary Exchange Student from Australia, who is presently in Minden.

Mr. Booth presented Miss Danvers with a momento of Minden, as well.

Among the many guests at the event were Art Ward and his wife Joan. Mr. Ward is president of the Haliburton Rotary Club and conveyed his greetings on behalf of that club.



Doug Pritchard waves his cane for emphasis as he auctions off small art pieces in an auction held last Monday at the Lakeview public school for the Haliburton Guild of Fine Arts.

Robert Tirilis, 54, of Hamilton, holds up his 38½ pound lake trout he caught last Sunday in Drag Lake. The fish, which is one of the biggest trout caught in the area in many years, took only six minutes to land.

38½ pound trout caught in Drag Lk

Robert Tirilis, 54, a heavy equipment mechanic for DOFASCO, in Hamilton, found out how to handle a heavy fish last Sunday morning in Drag Lake.

Aat about 10:30 a.m., after only 20 minutes of fishing, Robert's line was hit hard. He was towing about 400 feet of steel line with a small Williams' Whitefish for bait.

Robert told his wife to shut the engine off, that he had something big on. After only about five minutes he had the fish to the boat, a 38½ pound lake trout.

A first attempt to net the fish failed, but the second time around Robert grabbed it by the tail and pushed it in the net just to make sure.

The fish was Robert's biggest since he began fishing for trout in 1954.

As well as being 38½ pounds the fish was 42¼ inches long, 32 inches in girth and 5½ inches thick.

Bridge causes overspending in Anson, Hindon and Minden

The biggest expenditure in the 1976 Anson, Hindon and Minden budget was Transportation Services totalling $302,338, $76,348 over the original budget estimate of $214,211.

Clerk-treasurer, Richard Parisotto, says the actual amount spent is $40,000 but until all the accounts receivable come in the figure on the budget will appear high.

More than half of the actual amount overspent can be attributed to the Sunnybrook Bridge which fell apart, costing about $21,000 which was not anticipated in the 1976 budget, he said.

Mr. Parisotto also says that this over-expenditure in roads, accounts for almost all of the total over-expenditure of the township.

Total estimated expenditure was $977,041, with actual amount spent shown in the budget report as $1,074,631, $97,590 over budget. Mr. Parisotto estimates that when all payments and adjustments are made, the actual amount spent will come down to $41,500.

"We always overspend on roads more than on anything else," he says. Part of the $97,950 over-expenditure from the 1976 estimate was due to $21,949 over the estimated amount for county purposes.

The 1977 budget states total expenditure estimated at $1,227,095, up $152,464 over the actual amount spent in 1976. Amount spent for education purposes in 1976 was $378,723 and for the county $81,888. In 1977 education is estimated at $432,250 and the county at $96,250.

But the mill rate is up only 15 per cent. Revenue from general taxes will be up an estimated 31 per cent in 1977.

Mr. Parisotto explains that there will be additional revenue coming in from additional assessment. Revenue for the municipality is expected to increase 21.2 per cent, while expenditures are expected to increase 12 per cent.

Even then the 1977 budget allows for an $8,730 over-expenditure of revenue, or 1.24 per cent in the municipal purposes column. In 1976 this column went $70,282 over, or 11.14 per cent.

Tidying up of accounting system

A general tidying up of accounting systems was the essence of an auditors report read to council last Wednesday.

The major criticism of the Anson, Hindon and Minden accounting procedure was excessive temporary borrowing, this year in the amount of $39,000. Under the Municipal Act municipalities can only borrow up to 70 per cent of the revenue they will be collecting.

Most municipalities borrow money to use before they collect their taxes, then pay off the loan when taxes come in.

According to the report this is only a problem here in December when the amount borrowed is high and the accounts receivable is low.

The report suggested two solutions; one is to get permission from the Ontario Municipal Board for permission for excess temporary borrowing or two, delay the payment of accounts until January.

"Of course I'll be opting for alternative two, rather than go through all the trouble of applications," said clerk - treasurer, Richard Parisotto.

The report also recommended increased reporting of financial status by the means of a monthly budget report. Mr. Parisotto said if the budget is not presented each month it will be done at least every three months.

The report also suggested that the current system for approving of checks be more responsible by the elimination of a reeve's stamp for processing checks.

The Municipal Act says that each person signing checks must be sure of the money's purpose as a safety check. However, Mr. Parisotto points out that the Reeve is not always available.

There have never been any problems with the current method and the girl using it is responsible for it, he said.

Office closed for Canada Day

The office of The Echo will be closed Friday for Canada Day.

We will resume regular office hours Monday, July 4.

OMB decision is being appealled

Anson, Hindon and Minden with Stanhope Township, have decided to appeal an OMB decision which denied the use of market value assessment figures as a means of equalizing the current means of assessment.

At last Wednesday's council meeting in Minden, a letter was received from Stanhope council concerning the June 15 OMB decision. In the letter estimated cost of the appeal would be about $1,200 and it would be made to the Ontario Divisional Court. Stanhope offered to share the cost with the municipalities interested in appealing.

Both municipalities stand to gain several thousand dollars if they are successful, as they claim the figures will result in a decrease of their share of payment towards the county tax load.

In a special meeting held last Thursday, council decided to appeal the decision as well as a decision reached June 17 at a treasurer's arbitration meeting for the Board of Education. That decision also precluded the use of market value assessment figures in determining education apportionment.

Youngsters from Victoria Street School and a class from Gooderham were treated to a puppet show last week. The show was put on by the touring company Pociyo.

The village square area, in front of Mike's Milk, was a busy place Monday. the Haliburton Highlands' Majorettes held a sale during the day to raise money for the majorette group.

Lance Easton, owner of the Haliburton Red and White was at the door of the store last Wednesday when it opened in its new location. Mr. Easton was greeting customers and visitors by presenting them with red and white carnations. The new store contains about 6,000 feet of floor space.

The Easton family has been in business for a number of years in Haliburton. Mike Easton and his wife and Lance Easton and his wife watch while Dysart et al Reeve Murray Fearrey officially cuts the ribbon to open the Easton's Red and White Foodmaster.

Nurses discuss report on industrial inquiries

The 28 nurses who belong to Local 106 of the Ontario Nurses Association, which includes Haliburton, Kawartha, Pine Ridge District Health Units, will be in Toronto, Saturday to discuss the industrial inquiries commission report commissioned by Minister of Labor, Betty Stephenson.

The nurses, some of them registered nurses, and others public health nurses, work for 35 health units across the province.

Betty Goodsell, president of Local 106, whose members work for the Haliburton, Kawartha, Pine Ridge District Health Unit, said nurses in this health unit (it covers Victoria, Haliburton and Northumberland Counties) have been working under the expired 1975 contract after being locked out by the board of health for four months in the summer of 1976.

Miss Goodsell said the industrial inquiries report was released to the ONA and the boards of health last week. The purpose of the Toronto meeting is to discuss the results of the report and to decide how it will affect the nurses original demand for arbitration and parity with hospital nurses.

She said the nurses employed by the local health unit were paid $2,000 a year less in 1976 than nurses working in hospitals and if the arbitration settlement at Wellesley Hospital, Toronto, is any indication, they will be $4,000 a year behind hospital nurses this year. Registered nurses at Wellesley Hospital are now making about $15,000 a year.

Miss Goodsell noted that the health nurses were locked out in Lindsay in 1976 when they refused to sign a contract with the health unit because it was not agreeable to the association.

"People think our contract is settled because they don't hear from us. But it's not. We could be locked out at any time. Negotiations have been few and far between with the health board."

Miss Goodsell noted that the health board was charged with "bargaining in poor faith" last winter (1976-77). A three-man labor relations board decision was that the board return to the bargaining table and bargain in good faith.

"Since that time when the board was ordered to come back to the bargaining table, we have met once and we are still at an impass. We hope that this report will have something in it that will help the situation."

She said of the 35 health units whose nurses belong to the ONA, only eight have contracts for 1976 while 27 are "still up in the air."

First annual Wilberforce Legion Fiddle contest

The First Annual Wilberforce Royal Canadian Legion Branch 624 Fiddle Contest will be held Saturday at the Monmouth Community Centre.

The show will start at 7 p.m.

First prize will be $35 for children under 16 and $75 for adults, second prize is $25. for children under 16 and $50 for adults and third prize will be $15 for children under 16 and $25 for adults.

According to the rules of the contest each contestant will be required to play a waltz, jig and a reel in that order.

A warm-up room will be available and no entry fee will be charged for contestants.

Ray McNeilly of Bobcaygeon will be the master of Ceremonies. Profits from the contest will be used in the building of the new Monmouth Arena.

Organizers of the event point out that it will be "fun for all" and offer their right hand of fellowship to those who come.

Haliburton Highlights

BY CREIGHTON FEIR

The Haliburton Rotary Club chairman, Pete Curry, has announced that this years carnival will take place on Tuesday and Wednesday, August 2nd and 3rd. He has a fun filled program with fun and excitement for the entire family.

*****

Miriam Lewis, the popular lady who is in charge of various activities at Extendicare, Haliburton, is still on the sick list. Miriam has had a trying time with her health during the past few months and she is certainly missed at the nursing home. We wish her a speedy recovery and hope that she will soon be back on the job. We noticed by the bulletin board that some activities had to be cancelled due to her illness. One was a trip to Queens Park. We hope that this will be scheduled at a later date.

*****

We are sorry to report that our friend, Doug Armstrong, who is employed at the Canadian Legion, has suffered a heart attack. We wish him a speedy recovery and hope that he will soon be back at his old job.

*****

It's certainly encouraging to see that the Rotary Club and Kinsmen Club are pulling together in Haliburton for the betterment of the community. It seems to be a standing joke that most of the Rotarians won all the prizes at the Kinsmen's 1st Annual Vacation and Home Show held recently at the Haliburton Arena.

*****

Visitors at the Langley's cottage on Lake Kashagawigamog this week are Mrs. Langlotz and daughters Leslie and Heather.

*****

Aat a recent meeting of the Haliburton County Social Planning Council, held at Carnarvon United Church, Peggie Neville, a very hard worker in the organization mentioned that Extendicare is inaugurating a Daycare service for elderly people in the community.

*****

The final meeting of the Rotary year for the Rotary Club of Haliburton will be held this Thursday night, June 30th, at Pinestone Inn.

*****

Marion and Norm Clift, who have operated the Flour Shop Bakery in Haliburton for the past several years have decided that it's time to retire and have sold their business. The new owners will be taking over on July 1st and we wish them every success and welcome them to the community.

*****

Members of the Royal Canadian Legion, Branch 129, paraded to the Lakeside Baptist Church for Sunday morning service. They were lead by the Legion Pipe band.

*****

In last weeks paper we noticed on the plans for the new park proposal for the Village of Haliburton that a band shell will be included in the overall plan. This is a great idea and it will certainly be enjoyable for people to go down to the park and spend a relaxing evening listening to the various bands that will appear there. We hope that we will have the opportunity of listening to some of the bands from the local schools, the Legion Pipe band and possibly, on some occasions, some out-of-town bands.

*****

We were certainly pleased to see the beautiful new fence around the outfield at the Haliburton Ball Park. It's a great job and really adds to the appearance of the ball field.

*****

Echo editorials

Vive le Canada

Vive le Canada!

Is that how you feel about it, or do you figure it'll just continue merrily along its way, whether you worry about it or not?

It's good to ask yourself this summer of '77 just what YOU can do about "Vive le Canada."

And you may say, "I'm from Ontario, why should I worry? I don't have to make any decisions in any referendum."

True enough. We're not about to have a referendum in Ontario. Although in some respects, perhaps we should. Quebec is as much a part of Canada as is Ontario, and when decisions about parting the ways are made, both sides ought to have a say in the matter.

Well, that's what we're getting at.

You had better have a say in the matter.

This summer.

It's as good a time as any to start.

A good way to begin is to stop being passive about the possible separation of Quebec. And don't shrug it all off by mumbling there's nothing you can do about it. Because there is.

First you've got to get totally interested. That means asking questions and reading up. It's worth the effort, honestly! For your own future and that of your children.

On this page, usually, we concern ourselves with issues of a local or area nature. The really important things in life happen right in our own backyards, we feel.

But our backyards won't add up to much if they're no longer a piece of Canada. And if we do nothing but sit and watch the universe unfold, we won't be saying "Vive le Canada" for too many more years...

So what can you do?

Summer's here and with it, for many of us, our two or three weeks summer vacation. This is a good summer to spend some of it in Quebec. We know you're welcome there. Quebeckers don't bite...They'd like to see you. And hear how you feel about THEM! For too long we've been hearing only how THEY feel about us. And it's really no wonder so many of our French cousins are upset with us and our selfish arrogance. Don't be afraid to tell them you're as interested in keeping them a part of our land as some of theirs are to separate. Don't be afraid to tell them there's no future in separation, but show them there's a future - a great one - in understanding. Show them there's room for the Quebecois in your Canada.

With a little effort you'll make friends for life on your 1977 summer vacation in Quebec. And with a little more effort yet you could invite your new friends over for a few days in your neck of the woods. Just to show them you're not the only one shouting "Vive le Canada!"

There are many variations on this theme.

The Town of Whitby, Ontario, has for several years exchanged views and good feelings with the French of the town of Longueil, P.Q. Each summer a whole train-load of residents from each community visit back and forth.

Would that be a good idea for our town and a Quebec town? Let's get to work on it.

And let's have more exchange visits between students from our area and Quebec kids. Therein too lies the future of "Vive le Canada!"

Elsewhere in this newspaper readers 21 and under are invited to participate in an essay contest. The best entry, 400 words or less, on "Why there is room for Quebec in my Canada" will be submitted to the Ontario Weekly Newspaper Association in a contest of reader essays from other community newspapers belonging to the OWNA. Deadline for entries is July 15, at midnight!

If you can't get excited about all this, you have our sympathy. You probably have one foot in the grave already...

If you're with us, well, don't just sit there!

Vive le Canada!

Our Pic of the Past this week shows the former Emmerson's store in Ingoldsby in 1945. Our thanks to Mrs. Audrey Coats of Leaside for submitting this photo.

Feir Play

by Creighton Feir

The big news this week had to be the grand opening of the Haliburton Red & White Foodmaster in Haliburton. Crowds started to line up outside the store long before opening at 10:00 a.m. on Wednesday. The ribbon was cut by Reeve, Murray Fearrey who in his remarks following the ribbon cutting stated that we have waited a long time for a food store as large as this with 6,000 square feet of floor space. He went on to say that many people in the past have been doing their grocery shopping in other centres and now this business will be kept at home. Mike Easton invited everyone to come into the new store and he hoped that they would be satisfied with the new facilities that they had to offer. The doors opened and hundreds of people poured in to look over this beautiful new building and to do their grocery shopping. We wish Marg, Lance and Mike the best of luck in their new store.

*****

Now that the new beach sand has been placed along the shore at the swimming area, at Rotary Beach, and the grass has been cut, it is starting to look very attrative. Some people have remarked that there is only one thing lacking and that is more playground equipment for the children. May we suggest that the playground equipment presently placed at the community ball park be transferred to the Rotary Beach.

*****

We understand that the grand has come through for the construction of a new curling arena in Haliburton. We notice that the present equipment is being moved out and it won't be long before the wreckers will be tearing down the old building to make room for the new.

*****

Speaking of construction work, word has reached us that the Royal Canadian Legion, Branch 129, Haliburton are getting ready to put an addition on their present building.

*****

It appears that the Municipality of Dysart et al are under the gun from the Ministry of the Environment re fires at municipal dump sites. Fires are prohibited at all municipal dump sites and anyone caught setting fires will be charged. We understand that the fines will be high and a word to the wise should be sufficient.

*****

Well we are back on the same old subject of vandalism and it seems a hard topic to keep away from. Mike Scheffee, a summer employee for the municipality, told us last week that vandalism is one the rise in the village and especially at Rotary Beach where a few hoodlums are virtually tearing the change room apart piece by piece. These people can't seem to leave anything alone and last week when some new posts were placed in front of the swimming area to stop vehicles from driving on the beach, some person or persons knocked them down. It's just about time that some action was taken and these culprits were caught and brought into court.

*****

Major sidewalk construction is taking place on Haliburton's Main Street, between the former Red and White Store and the Bell Canada office. The sidewalk is being lowered to the road level. It should look pretty good when it's completed.

*****

We have a great golfer in our midst and he is our own Jim Badgley, News Editor at the Haliburton County Echo. Jim is having a problem finding anyone in his class. If you think that you are a good golfer, get in touch with Jim and see if we can't get him a little competition.

*****

Tenders have been let for the second phase of the Sanitary Sewer project for Haliburton and we understand that when construction begins they will be going to Extendicare first to get them hooked on.

*****

As others see it

Canada Day is a week away, and its time we started thinking about what it ought to mean.

There has been a lot of talk recently about what the government's planned celebration is going to cost the taxpayer. Many people see Canada Day as simply an excuse for politicians to score political points with speeches on unity and other issues of national importance. And that is true as far as it goes. But in the end, it won't matter what Ottawa does, or how much money is spent to officially mark Canada Day. What will matter is what we, as individual Canadians, do to mark that day.

It doesn't have to be spectacular. It can be done in the comfort of your own back yard, when you take the time to sit back and reflect on what Canada and being Canadian, means.

Canada. Most of us have a few stock phrases and facts at out fingertips to describe it. It's the world's second largest country. It has lots of lakes, and half of all the worlds fresh water. It has cold winters and warm summers. It has maple trees and somewhere, way out West, a spectacular mountain range. That, and a lot more, is Canada. But Canadian? What does it mean to be Canadian?

Very often, when we try to describe ourselves, we start by saying what we are not. We say we're not colonial anymore, not British in outlook. And we're certainly not Americans. About that we're vehement. We're not aggressive, not extreme, and not impulsive. And most of us think we're not very significant.

Canadians have a built in feeling of inferiority. What is Canadian is less than the best. We have no world famous writers, poets or artists. We turn to other places for models of behaviour and fashion. And that feeling of inferiority, of insignificance, is fed by the steady influx of American ideas and news into our lives. Our schools fail miserably to teach us about ourselves.

But if we are to give Canada Day any meaning at all, we must try to define what we are. And that can only be done by each of us in our own way.

Pierre Berton was once asked to describe the difference between Americans and Canadians and he summed it up this way. Americans, he said, cherish freedom. Canadians cherish order.

That order is fast disappearing. English speaking Canadians, however passive they may be, must face a new reality, that the French speaking Canadian, the Quebecois, no longer cares much about Canada. It has failed to allow him the freedom to use his own language in everything he does.

Quebec may be persuaded to stay with us. That can't be done with money or with force. It has to be done through a recognition on the part of all Canadians that what we have is worth some sacrifice. And its worth preserving.

When Canada Day comes, let's take the time to think about what we are, about those special things that each of us has to offer this country. We can make Canada a better place if we begin to ask for less, use less, and strive to be tolerant.

Believing in Canada doesn't have to take the form of visible nationalism, of flag waving and anthem singing that it has in other countries. Believing in Canada means making a personal commitment to preserve and build upon what is best about this country, and having the courage to change what needs changing. And that's what July 1st should be all about.

from the Huron Expositor

Dear Mr. Badgley:

Your support during the recent Construction Safety Association mobile classroom visit to Haliburton was gratifying and very much appreciated.

I know our efforts in Haliburton were well supported by the media and the endorsation extended the impact of our program.

Again, may I thank you for your efforts on our behalf.

Yours truly,

Shaela L. Lewis
Public Relations Coordinator

Dear Sir:

During 1978, the Town of Windsor, Nova Scotia, settled since 1685 and incorporated in 1878, celebrates its Centenary.

Among your readers may be former residents of this town or descendants of former residents. We would welcome hearing from them or their families, and their connections in Windsor, Nova Scotia.

July 23 - 29, 1978 has been set aside as Old Home Week, the annual Sam Slick celebrations taking place during the last three days of that week. We would welcome visitors to our town, the Gateway to the Annapolis Valley, at any time throughout the year, but particularly during this last week in July.

Whether you come or not, please advise us of your whereabouts.

Yours truly,

(Mrs.) Grace B. Wallace,
Centennial Co-ordinator,
P.O. Box 158, Windsor, Nova Scotia

BY JIM BADGLEY

Dysart et al is winning with Wintario and there is no doubt about it. Last week a new park project for the municipality was announced that will give a completely new look to the villages' shoreline on Head Lake.

Funds for the project will likely come from Wintario and the Ministry of Culture and Recreation. Total bill is expected to be in the neighbourhood of $140,000, not a bad chunk but it will all be worthwhile.

This is one of many projects in the area recently which are relying on Wintario funding. Word was received that the new curling club has been awarded its money and the repairs to the Dysart Community Centre were funded through Wintario.

*****

The Ontario Municipal Board was once again called upon to help clear up matters concerning apportionments in Haliburton County.

Win, lose, or draw, the taxpayers continue to spend money on it.

The question of apportionments in the county cannot carry on forever. Or at least it had better not for the sake of the taxpayers. I get the impression now that everytime something goes against a municipality they turn around and try to fight it by hiring lawyers. People seem to forget that the lawyers are paid by the taxpayers.

*****

I keep hearing small rumblings about the possibility of a conservation authority, or authorities being formed in the Haliburton County area.

A great deal of Ontario operates under Conservation authorities and from what I have seen they can do a lot of good for an area.

Most authorities are working hard to establish parks and enhance the tourist appeal of areas as well as doing the job of controlling the water levels.

Hopefully, the county and the municipalities will take a long look at the possibility of establishing an authority in this area.

Women honored with graduation dinner

A total of 15 women graduated last week through Hyland Crest and Extendicare's Health Care Aide Course operated by Sir Sandford Fleming College.

Patricia Burk, one of the 15 women to pass the Health Care Aide Course at Hyland Crest and Extendicare presents Carolyn Jackson, RN, with a gift. Mrs. Jackson was the teacher for the course which was sponsored by Sir Sandford Fleming College.

The course was held last November and the graduation took place Saturday night at The Pinestone Inn.

Graduates were Mrs. Judy Bedford, Miss Marilyn Berry, Mrs. Jeanne Bowron, Mrs. Patricia Burk, Mrs. Jacqueline Gostlin, Mrs. Bernice Harrison, Mrs. Joan Hutchings, Mrs. Virginia Hutchison, Mrs. Kinda Kieckhoefer, Mrs. Gail Medcalf, Mrs. Susan Payne, Mrs. Mary Raby, Mrs. Doreen Robertson, Mrs. Carol Ann Schell and Mrs. Karen Scott.

The course dealt with all aspects of aging from learning how to make a bed to basic medical knowledge of some common problems in the aged. The course was available only to those people working in a facility giving them a better understanding of the aged.

Guest speaker at the function was Reeve, Murray Fearrey who congratulated the women for improving the health field in the community.

COUNTY ECHO SPORTS

County sports

BY JIM BADGLEY

A man and his money are soon parted and that is just about what happened to Art Ward last week when he figured there was no way John Zylstra could get a putt close from 75 feet.

Well John rolled the putt down the long sloping green, into the cup, for what has to be the shot of his young golfing career.

On the other hand it could be the luckiest shot of his career as well. Nobody told Art that John's long putt gave him a seven on the par four hole.

The golf season is really upon us, with all courses reporting fairly heavy play. One thing I have noticed well driving past a couple of courses is that perhaps the best time for the "local golfers" to get out is during the weekday evenings, which this time of year are long enough to get in 18 holes if you are up to it.

*****

I see in the proposal for the new park in Haliburton Village that there is a proposed ball field and athletics field.

Not a bad idea, when we consider that the park at the community centre seems to be eating away quickly with buildings. Perhaps that would solve a few problems in that area.

A few months back the municipal council took a look at the curling club site and around the area and one person commented that it was getting quite full with buildings.

I would think that a ball diamond in the new park area, which would provide a more pleasant setting and allow for more room would be very popular among players and spectators alike.

Brian Watson guest speaker at Minor hockey award night

"It was the most emotional thing I've ever seen in my life," said Brian Watson, defenceman for the Washington Capitals, as he described his work with handicapped children to the parents and children of the Haliburton Minor Hockey Association.

Watson was the guest speaker at the Association's awards banquet last Wednesday. Unfortunately, many children missed the event due to an outbreak of chicken pox.

The children also missed ice cream and cake and a hockey movie.

Watson started his talk with the group by describing his career in hockey then asked that the children and parents question him. However, the children were so enthusiastic that their questions outnumbered the parent's by almost three to one.

"I started in Bancroft and I wanted to play in the NHL which I did," Mr. Watson told the youngsters, "and I wanted to get a university education, which I am just about finished, so it's possible to do both."

As the children listened intently, he described some of the famous hockey players he had played with and what some of the teams were like.

He also told them that discipline is necessary to win at hockey. He noted that the rule on his team is to be in bed at 11 p.m. the night before a game and they have two hours of practice every day. The penalty for being late is $500, he said.

In replying to a question he said he had started playing hockey 30 years ago. "Hockey today is much better," he said, the kids are faster and bigger. He mentioned that he was really owned by the Montreal Canadiens, who sponsored his team when in Peterborough, from the age of 13.

After many questions from the young boys, Watson asked if any of the mothers had any queries. "Your the ones who make all the noise at the games," he said.

A woman then asked "on behalf of concerned mothers" if the players in the major leagues shouldn't start wearing helmets to set an example.

Watson agreed that children should be wearing their helmets. "I know I should and it's stupid," he said. He pointed out that he makes his children wear helmets. "I've tried to wear a helmet," he said, but he explained that when he isn't wearing one he can "sense" a player coming up behind him. "I can't do that when I'm wearing a helmet," he said.

It was a few questions and answers later that he mentioned his work with his wife, Lydia, at the Special Olympics for handicapped children. The moment he mentioned was when a crippled girl ran in a 220 metre race, completing it in 1½ minutes. The girl struggled in to finish in last place, crying, wearing crutches and braces. "Everyone who finished was a winner," he said, "Everyone got a ribbon."

Safety awards for school bus drivers

Bruce Malott was among a number of Travelways' Haliburton Division school bus drivers to receive a safe driving award, but the thing is with Bruce it represents 31 years of safe bus driving.

Bruce has received the award for having compiled 28 safe driving years in Windsor and then the past three in Haliburton.

Other drivers were honored, including Art Lee who has 22 years of safe driving to his credit.

Jack Neville of Travelways pointed out that almost all of the drivers were honored for safe driving from anywhere from three years to 31 years.

Pins were awarded in the shape of a school bus to the drivers.

Two wins for club

Haliburton's entry in the Tri-County fastball league has a 2 and 3 record after the first third of the season.

The club has displayed some good pitching and hitting in the games played to date.

The Tri-County league, according to all reports, is much more competitive and shows a higher calibre of ball than that shown in the league the team played in last season.

Minor Hockey Association Special night

Grant Rae receives a plaque from Bob Stinson for his contribution to the Haliburton Minor Hockey Association. The presentation was made last Wednesday at the associations banquet.

The total amount raised at the Haliburton Minor Hockey Association Awards Banquet was $1,325 from the draw.

Glen Scheffee, Haliburton, won a 10 speed bicycle; Mrs. Nelda Culley, Carnarvon, won a Ball-B-Que, and D. M. Finch, R.R. 1, Haliburton, won a rod and reel.

Seller of the most tickets was Wayne Welch, Maple Lake. After payment for gifts and tickets, about $1,100 will be given to the Minor Hockey Organization.

The event featured Brian Watson, defenceman, for the Washington Capitals, as the guest speakeer, as well as the presentation of crests to the young hockey players, by Mr. Watson.

Unfortunately, many players missed the occasion due to an outbreak of chicken pox.

President Len Salvatori also introduced the new executive for the association. Paul Espie is first Vice-President; Roy Scott, Second Vice-President; Bob Stinson is Tournament Chairman, Lois Whittaker, Secretary - Treasurer.

The executive also consists of Grant Rae, Garry McKnight, Jim Badgley, Jim Potter, Stan Parish and Frank Powers.

The Ladies Auxiliary to date consists of Jean Scheffee and Joan Stinson.

Len Salvatori, president of the Haliburton Minor Hockey Association presents Barbara Hodgson with a gift for her years of service as secretary treasurer of the association. Mrs. Hodgson has given up the position in this year but is still active in minor hockey.

H.H.S.E.S. honors 77 grads

Roy Scott presents an H.H.S.E.S. graduating student with her diploma at the schools graduation ceremony. The event attracted parents, friends and relatives who filled the school audtiorium.

The auditorium at H.H.S.E.S. was filled with proud parents and relatives who had gathered to see the graduation ceremony for 1977.

The class of '77 numbered 102 with 19 students on the honor roll (80 per cent or more in their marks). The welcoming address was made by Principal, Douglas Devolin and the guest speaker was Rev. Trevor Denny of Haliburton Anglican Church.

Mr. Denny, in his speech, cautioned the students to learn from all things and gave them several examples, such as learning to push from the lawnmower, to dig from the shovel and to be strong from steel.

The Grade 8 Diplomas were presented by Mrs. Jean Neville and Roy Scott who taught Grade 4 when the school first opened in 1972. Therefore the students just graduating were their first pupils at the school.

Mr. Devolin told the parents that if they wanted to take pictures they could come up to the front of the auditorium and they would pose with the students while presenting the diplomas. He added that if any parents were in the back of the room they should shout out and they would wait.

Winner of the Special Distinction Award for scholastic achievement went to Tony Scheffee who was also runner up for the Top Grade 8 Student Award, won by Sharon Williams. That award is awarded by a voting system from all the teachers and is kept secret until the last minute.

Valedictorian was Kim Ward who thanked the people who had brought the students this far, "Not only have we learned the three r's, reading writing and arithmetic, but also the three c's, to be competitive, co-operative and courteous."

"Although we've moaned and groaned that we were herded like cattle out to pasture at recess, confined to a penitentiary, and we were, there will always be the good times to remember," she said.

Miss Ward closed her speech by wishing her fellow graduates "a fantastic future."

Sharon Williams receives the Top Grade 8 Student Award from teacher Gerald Irish. Mr. Irish, who donated the trophy was himself kept from learning who the winner was until the graduation ceremony. The winner was voted for by the H.H.S.E.S. teachers.

Tony Scheffee receives the Special Distinction Award from teacher Dennis Baker at the graduation ceremonies held last Thursday. The award is for outstanding academic merit.

Kim Ward, valedictorian, makes her speech to the parents and students attending the graduation ceremony, June 23. She was selected by her fellow students and received a standing ovation from them at the end of her speech.

Thank-You

I would like to thank my friends and relatives for their cards and visits while I was a patient in the Peterborough Civic Hospital. Special thanks to the Haliburton ambulance drivers, Dr. Pierce and staff of Haliburton Red Cross Hospital and Dr. Belch and staff of the Peterborough Civic Hospital.
Bill Davis

We wish to thank all our friends for all the lovely flowers, cards and acts of kindness during the sudden passing of a beloved sister, Mary (Mae) Cook.
The Reverend John Smith for his comforting words.
And to the John Welch and Son Funeral Home.

IN MEMORIAM

COWAN: In memory of a dear wife, and mother, Lennie, who passed away, July 4, 1974.

Gone are the days we used to share,
But in our hearts you are always there.
The gates of memory will never close,
We miss you more than anyone knows.

Lovingly remembered by husband Harry and your family, Doreen, Laverne, Mervin and Fern.

Canada, I want to shake your hand.

GOVERNMENT NOTICE UNDER THE MINING ACT

Lands and/or Mining Rights to be forfeited for Acreage Tax Arrears

PURSUANT to the provisions of The Mining Act, R.S.O. 1970, Chapter 274, Subsection 2, Section 668, the following list of lands and mining rights in respect of which acreage tax, penalties and costs to December 31st, 1976, imposed by the said Act, are two years of more in default, notice is hereby given that unless the amount due as shown is paid on or before December 31st, 1977, on the day following shall be forfeited to and vested in the Crown, but shall not be open for prospecting, staking out, sale or lease until published in one issue of THE ONTARIO GAZETTE. (This is not a tax sale. The lands cannot be purchased by paying the taxes).

Those lands and mining rights forfeited to and vested in the Crown and published in one issue of THE ONTARIO GAZETTE during the month of May, 1978, shall be open for prospecting, staking out, sale or lease at and after 7 o'clock standard time in the forenoon of June 1st, 1978.

Communications regarding this matter should be directed to the undersigned at the Whitney Block, Parliament Buildings, Toronto.

From the Chamber

BY BOB STINSON

This week's "Horror Story" comes from the Canada Manpower Office in Peterborough. An employer located in Haliburton County who apparently was not aware of our Outreach Office in Haliburton, sent his job order into the Peterborough Manpower Office seeking employees. Not only did the Peterborough office not refer this employer and his request to our Haliburton Outreach Office, but they sent applicants from the Peterborough area to apply for the positions in question. It should be pointed out, however, that it was through the co-operation and assistance of the Peterborough Manpower Office that the Chamber was able to sponsor and open the Outreach Office in Haliburton. For all who have made use of it, its existence has been a very definite advantage, and they have been pleased with the personal service they have received there. In the Haliburton office you are not just a number being processed by a civil servant, but you are somebody who needs help and this staff cares. It is unfortunate that some members of the Peterborough staff either are not aware of or do not care to recognize that this office is here to service the people of Haliburton County.

Haliburton High School held their graduation ceremonies on Sunday and once again it causes us to ponder the future of our graduating students. It is of particular concern that we see so many of our graduates having to leave the county in order to seek employment, but it did seem to us that this year there was more than in the past that were able to find employment here at home. There is no doubt that most could earn more by seeking employment in larger centres, but this is the price we have learned we must pay in order to live and work in this beautiful country. Let's face it, if you could earn money in Haliburton as you could in say Oshawa then everyone would want to live here, and it would be so crowded it would lose its' appeal.

Johnny Burgess, who operates the Coboconk Flour and Feed Mill, has moved from his residence on the Kashagawigamog Road to his new home on Highway 530, near West Guilford just north of the Irish Line Road. Johnny still has pick-up service at his home and has also arranged for pick-up service at Hilltop Market. Paul and Grace Gelder, former owners of Del Haven Hotel have purchased Johnny's previous home at Kashagawigamog and 121 Hwy.

Hyland Lumber Ltd. is undergoing many changes in the process of becoming a Wiseway dealer and entering into the retail lumber business. Proprietors Mike and Richard Biagi and Jim Csanig are optimistic about the new venture and have already transformed their tiny office area into a modern up to date showroom. Lance Easton opened his new Haliburton Red and White Store this past week and is justifiably proud of their new facilities. We understand we shall soon see Arrow T.V. move into their previous quarters and an antique store opening shortly next door at the old Echo headquarters.

Mike and Paulette Blake who most will remember originally opened Mike's Milk have returned to town and Paulette has opened Junk for Joy on the lower level below Mark's Coffee Shop. Paulette is specializing in antiques, collectibles and crafts and can always guarantee an interesting display to browse through. In Minden, Wayne Henderson has just moved into the area, and opened The Storeroom just over the bridge beyond the Progress office. Wayne's unique shop carries a line of natural foods, crafts and furniture along with a book exchange. Wayne has cottaged in this area for many, many years and was formerly with the Ministry of Health and has left all that for a new life in the good country. Bud Kirchner is also a civil rebel having left the Ministry of the Environment to buy a farm at the end of the Irish Line Road formerly owned by Ron Nunn. The Kirchner's are not only getting the farm running once again but are manufacturing colonial handcrafted furniture using the old traditional methods of manufacture. Those of you who visited the Home and Cottage Show last week will, I am sure, have seen some samples of his excellent work. Not far from there Bob Davis is setting up the Maple Lake Blacksmith Shop where he will be involved in traditional hand forging. Bob has finally laid down his paddle after exploring the far north by canoe over the last several years and plans to have his shop open by August.

Silver Valley Store which is about half way up the Kennisis Lake Road from West Guilford towards Kennisis Lake now has riding horses available for hire. They can now accommodate groups of up to six people with two guides on some beautiful trails.

Last winter Gerry and Karen O'Connor joined the Chamber as the new proprietors of Stan's Texaco. We were very sorry to hear that Gerry passed away suddenly on Friday. He will certainly be missed by his many, many friends and we wish to extend our sincere sympathy to Karen.

Booth concerned about intersection

"They shouldn't have said yes if they weren't going to do anything," said Reg Booth, Reeve of Anson, Hindon and Minden, about a letter from James Snow, Minister of Transportation and Communications.

At last Wednesday's council meeting a letter from the Ministry of Transportation and Communications, to Haliburton County Clerk, Winifred Lahey, was read.

The subject of the letter was an April 20th motion by county council that illumination be provided at the intersection of Highway 35 and Highway 530.

The reply stated, "Our investigation revealed that illumination is not required at this intersection. In this time of energy constraints, the cost of illumination at this intersection is not in sound economic balance with the benefit, therefore we cannot agree to its installation."

Mr. Booth said that the Ministry had originally agreed, sometime ago, to share the cost of installation 50-50. He noted that "quite a few" requests have been made for lights at the intersection.

The letter stated that the only problem the Ministry could find at the intersection was a light belonging to the Township of Anson, Hindon and Minden, which the letter claimed indicates to Highway 35 northbound traffic that the turn-off to County Road 1 is before its real location. It recommended removal.

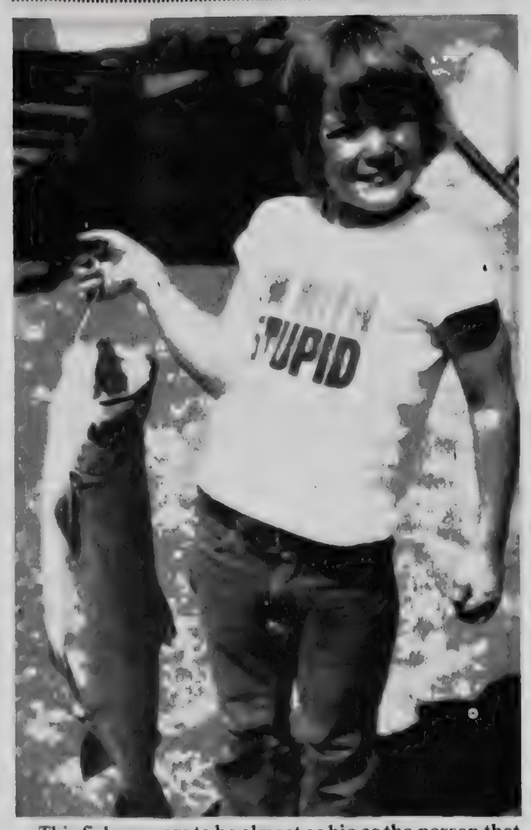
Recreation

from page 1

munity if the study is to be a success.

The objective of the study will be to determine community satisfaction with the recreation opportunities currently available in the municipality, and to determine the recreation needs, interests and preferences of the municipality. This will provide information for the improvement of existing recreation activities and facilities, and also for the development of new recreation opportunities in the municipality.

The study will be conducted in the near future, with the use of a survey questionnaire to be distributed to a sample of the population in the municipality. This population will include the communities of Haliburton, Donald, West Guilford, Eagle Lake and Harcourt. Residents are urged to co-operate and answer the questionnaire. Accurate and honest results can provide a useful source of information for improving the total recreation opportunities in the municipality.



This fish appears to be almost as big as the person that is holding it. Mark Evans, 10, son of Mr. & Mrs. Ken Evans of Fort Irwin Marina, on Haliburton Lake, holds up this 12¼ pound lake trout caught in the lake. The fish was caught by former MPP Glenn Hodgson, who says he lost one bigger that day.

Accidents

from page 1

He has been charged with careless driving and failing to wear a seatbelt assembly.

The accident took place at 2:45 a.m. Saturday morning.

The Minden OPP do not know who the driver of a vehicle was that was involved in a single car accident on Highway 35 south of Minden, June 21.

The OPP report that the station wagon, which received $3,000 damage, was owned by a leasing company.

The vehicle was southbound at the time, struck a culvert in a private driveway and rolled over in the ditch.

There was $2,000 damage to a tractor trailer driven by Robert G. Johnson, 32, of Toronto, when it jack-knifed after rounding a curve on Highway 503 east of Kinmount.

The accident took place June 20.

Students honored : Commencement held Sunday night

Grade 13 graduates

Parents, teachers and graduates formed a mutual congratulation society on Sunay evening, June 26, at Haliburton Highlands Secondary School.

The occasion was the annual Commencement and graduation cermonies after which, in spite of the heat, universal smiles and a good deal of handshaking and back slapping were the order of the day.

Pipers Earl and Alan Cooper led the colorful procession of graduates, staff and platform party into the school auditorium. After Rev. Douglas Miller presented the invocation, the Principal of H.H.S.S., Mr. T. Brian Mosgrove, introduced the platform guests: Miss Ann Church and Mrs. Sherilyn Hoare of the teaching staff, who introduced the Grade 12 graduates; Mr. J. Douglas Hodgson, Director of the Board of Education, and Mr. Richard Poole, Chairman of the Board, who presented diplomas to the Grade 12 graduates; Mr. David Mowat of the teaching staff who introduced the Grade 13 graduates; Miss Brenda Graham, Grade 12 Valedictorian; and Mr. Dick Stouffer, Grade 13 Valedictorian.

Mr. Mosgrove welcomed the community to the 25th annual commencement. He immediately explained that the primary purpose of the primary purpose of the ceremony was to honor 107 recipients of the Ontario Secondary School Graduation Diploma (Grade 12) and 17 recipients of the Ontario Secondary School Honours Graduation Diploma (Grade 13). The Principal also informed the gathering that 17 of the 107 Grade 12 graduates earned honours (75 per cent or more in 7 credits), that 7 of the 17 Grade 13 graduates earned honours, and that two of the latter are Ontario Scholars (over 80 per cent). He stated that awards for academic excellence would be presented at the Annual Awards Night Banquet, scheduled this year for Saturday evening, October 22.

Mr. Mosgrove expressed his pride in the achievement of the graduates and indicated that teachers, parents and members of the Haliburton County community at large are justified in sharing the pride of these 124 citizens.

Speaking on behalf of the Grade 12 graduates, Brenda Graham said:

"It is appropriate at this time to thank the many people who have made this wonderful day possible for us: the many teachers who have guided us. Their purpose was to impart information, but more than than, they have instilled within us a sense of loyalty and self-discipline for which we shall be forever grateful...Whether or not our next step is to further our formal education or to start a chosen career, all of us must accept the challenge of increased responsibility which confronts us. We must face this new world with the same eagerness and determination that has brought us to Grade 12."

On behalf of the Grade 13 graduates, Dick Stouffer said:

"To get a complete picture of this class, we must go back in time to Grade 9, when we arrived at Halhi for the first time...Some teachers have an uncanny habit of making little niners feel like even littler miners. Fortunately, the year we arrived coincided with an influx of spanking new teachers who made it a little easier for us, as they were being initiated into the system too.

Now, five years have slipped like five minutes, and most of the faces that we are so accustomed to seeing every day will be gone...Now everybody goes his own way, but wherever you go, and whatever you do, I wish you the best."

Commencement 1977 concluded with the recessional, followed by refreshments served by Mr. & Mrs. Moss McCracken in the school cafeteria.

TOWNSHIP OF MONMOUTH FINANCIAL STATEMENTS AT DECEMBER 31, 1976

To the Members of Council, Inhabitants and
Ratepayers of the Corporation of the
Township of Monmouth

We have examined the 1976 financial statements of the Corporation of the Township of Monmouth. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Township of Monmouth as at December 31, 1976 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario municipalities applied on a basis consistent with that of the preceding year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1976

NOTE 1: ACCOUNTING POLICIES

(a) Statement of Revenue and Expenditure -

This statement reflects the revenues and expenditures of the revenue fund. There are no general municipal activities carried on by a local board of the municipality.

(b) Statement of Capital Operations -

This statement reflects the capital expenditures and the related capital financing to be recovered from general municipal revenues of the municipality.

(c) Balance Sheet -

This statement reflects the assets and liabilities of the revenue fund, the capital fund and reserve funds.

(d) Fixed Assets -

The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities, capital funds transferred to other organizations, and the cost of capital projects not yet permanently financed, is reported on the "Balance Sheet".

(e) Municipal Enterprises -

There are no municipal enterprise activities carried on by a local board or by a committee of council of the municipality.

(f) Charges for Net Long Term Liabilities -

Debt retirement costs including principal and interest are charged against current revenues in the periods in which they are paid. Interest charges are not accrued for the periods from the date of the latest interest payment to the end of the financial year.

(g) Trust Funds -

Trust funds administered by the municipality amounting to $2,209 have not been included in these financial statements.

NOTE 2: CAPITAL OUTLAY TO BE RECOVERED IN FUTURE YEARS

Capital outlays, including fixed assets and the transfers of capital funds in the amount of $28,966, which have been financed from general municipal revenues of the current year, are reported on the "Statement of Revenue and Expenditure".

NOTE 3: RESERVES AND RESERVE FUNDS

(a) The "Statement of Revenue and Expenditure" does not reflect the following revenues for the year which were credited directly to reserve funds:

	1976	1975
For the Ontario Home Renewal Plan	$ 58,000	$ -
Interest on OHRP Loans	100	-
	$ 58,100	$ -

(b) The total balance of reserves and reserve funds is $109,413 and is comprised of the following:

	1976	1975
RESERVES		
For working capital	$ 30,490	$ 30,490
For capital expenditure	21,000	21,000
	51,490	51,490
RESERVES		
For the Ontario Home Renewal Plan	57,923	-
TOTAL	$109,413	$ 51,490

NOTE 4: NET LONG TERM LIABILITIES

(a) The balance for net long term liabilities reported on the "Balance Sheet" is made up of the following:

Total long term liabilities incurred by the municipality including those incurred on behalf of former school boards, other municipalities and municipal enterprises and outstanding at the end of the year amount to	$108,550
Of the long term liabilities shown above, the responsibility for payment of principal and interest charges has been assumed by others for a principal amount of	(15,000)
Net long term liabilities at the end of the year	$ 93,550

(b) Of the net long term liabilities reported in (a) of this note $37,749 in principal payments are payable from 1977 to 1981 and $55,801 from 1982 to 1986.

	1977 to 1981	1982 to 1986
From general municipal revenues	$ 37,749	$ 55,801

NOTE 5: CHARGES FOR NET LONG TERM LIABILITIES

Total charges for the year for net long term liabilities were as follows:

	1976	1975
Principal payments	$ 3,000	$ 2,601
Interest	4,005	788
	$ 7,005	$ 3,389

Of the total charges shown above $7,005 was paid from general municipal revenues of the municipality and are included in expenditure on the "Statement of Revenue and Expenditure" classified under the appropriate functional headings.

NOTE 6: THE ANTI-INFLATION ACT

The municipality, its local boards and commissions are by agreement between the Government of Canada and the Government of the Province of Ontario dated January 13, 1976 subject to The Anti-Inflation Act (Canada) and the national guidelines. This legislation limits increases in compensation payments effective October 14, 1975.

NOTE 7: During 1976, the County of Haliburton changed its practice of requisitioning for the Senior Citizens debenture by way of separate requisition. In prior years, this has been treated as debenture debt assumed. In 1976, the debenture debt payment has been reflected as part of the county rate.

This and That

BY JENNIFER WOODS

PART I

During the summertime we tend to eat and run. It is at this time of the year we need to use food that contains extra energy. Some are:

WHEATGERM

Wheat germ provides Vitamin E and is the germ of the wheat grain. Nowadays our white flour is more refined and the wheat germ is completely removed from the grain. Thanks to this process we are being deprived of one of natures true bounties. Wheat germ is invaluable for creating energy. The wheat germ you buy from the health food store, which contains the natural oils, should be kept refrigerated to keep it from going rancid. It can be used, of course, in bread and as a topping for puddings or casseroles.

LECITHIN

Lecithin helps to emulsify or homogenize cholesterol in the body. It is made up of four factors - ordinary fat, unsaturated fatty acids, choline (the B Vitamin) and phosphorus. It is made from soybeans, is available in liquid, granules and powder and is tasteless. It can also be purchased in a health food store.

BREWER'S YEAST

It contains all of the major B vitamins (except B12), 19 amino acids and 18 mor more minerals. It does not contain vitamins A, E or C; otherwise it would be considered a complete food. It is great in banana eggnogs and along with Lecithin makes an execellent liquid breakfast.

SUNFLOWER SEEDS

Seeds of all kinds are excellent in food value but sunflower seeds are at the top of the list. Mix them with raisins and peanuts. Try to buy the unsalted nuts as they contain natural delicate flavors which are masked by the heavy salt that is usually added, especially to peanuts. they should be kept in the fridge.

SUNFLOWER COOKIES

1 cup butter or margarine
3/4 cup brown sugar
1 tsp. vanilla
1 tsp. soda
1 cup flour (white unbleached)
1 cup wholewheat flour
2 cups rolled oats
1 cup sunflower seeds

Cream tog ether butter, sugar and vanilla. Stir in soda and flours and blend well. Add rolled oats and seeds and combine. Drop on a greased pan and bake 12-15 minutes at 350 degrees F. Yield 4 dozen small cookies.

Continued next week

News from Extendicare

BY DR. O.W. ANDERSON

Its' a boy; on Monday Mrs. Jane Rosenberg, our senior nurse on staff gave birth to her second son, a baby brother for Michael. The residents of Extendicare patiently awaited this event; Congratulations!

Communion service was held Tuesday morning in the activity room, Rev. Trevor Denny conducting. It is nice that these services can be brought to our home.

On the kind invitation from the County a number of we residents of Extendicare were treated to a lovely chicken dinner with lemon pie at Hyland Crest Sr. Citizens' Home to celebrate Senior Citizens Week. It was delicious. Afterward all of us were assembled into the auditorium to enjoy an evening of music and singing MC'd by Sidney Brown administrator of the Home. Mrs. Peggy Neville and Mrs. Lil Rawlins led the singing with Mr. Charles Plewman accompanying it on the mouth organ. As usual all the singing as played by organist Mr. Ted Ballard. We had a wonderful time and we thank Haliburton County and Hyland Crest. On returning and approaching Extendicare we were treated by the display of a remarkable standout rainbow.

Mrs. Myrtle Pritchard was taken by ambulance to a Peterborough hospital for surgery. We all wish her the best.

We were sorry to learn that Mrs. May Voicey of Lindsay, daughter of Mrs. Hazel Parish of Extendicare was involved in a motor vehicle collision in the Long Beach area. 5 of the Voicey children were variously injured. Let's hope with Mrs. Parish that the Voicey family will all be restored to health soon.

Today Thursday was birthday party day here. Only two needed to be remembered and honored by a singsong in the lounge, who were Mrs. Lil Robertson (now 90) and Mrs. Ethel Plewman. After the singson came the birthday cake, tea, milk, or juices. For each we sang Happy Birthday.

It seems we tend to worry a bit about events of the day. That is of course much better than worry about aches and pains if we have any. This bilingual bit Quebec vs Ontario or to put it in another way, which is better for a child, to teach a French Canadian to speak and work in English, or to teach an English (or other ethnics) Canadian to speak French in an anglophone continent. In the former the child learns to speak and work in both languages, where as in the latter he necessarily learns English. It is therefor astounding that premier Davis is pledged to commit untold millions to teach French Canadians French, in an Anglophone content. Likewise it is equally astounding that Prime Minister Trudea felt he had reason to ram a preposterously expensive bilingual policy through the Canadian parliament. Comparing 2 communities in North America; Louisana and Quebec, it would appear that the former is happier and more prosperous.

Congratulations to Ezra Lott for winning $25.00 in the lastest Wintario. Somebody remarked that "you can't beat fun" or winning in a lottery even if it isn't tops.

Friday morning was our usual devotional period with Rev. Trevor Denny of St. George's Anglican Church our spiritual leader. His theme dwelt on the hereafter and pointed out that a Christian fared better even in life.

Mel Petrant was taken by ambulance to Sunnybrook Hospital. This was unexpected and we all wish him a quick recovery and to return soon.

We would have thought our nurses were pretty good, but it appears they did not think so. Some of them have been studying and burning the midnight oil to qualify as health care aids, some from here and some from Hyland Crest. Those from here are:

Karen Scott, Judy Bedford, Doreen Robertson, Gail Medcalf, Pat Burk, Joan Hutchings, and Marily Berry. They held their graduation party at Pine Stone Inn on Saturday evening. Congratulations Girls!!!

COUNTY ECHO FAMILY

Maple Lake News

by Ada Gibbs

The Cyril Finch's were involved in a very busy but interesting weekend when their daughter, Mrs. June Collins, Captain of the Markham Girl Guide Company, arrived on Friday with 22 Girl Guides and 3 leaders, planning to tent on the Finch property until Sunday.

As we know, the weather wasn't ideal for tenters, or for too many outdoor activities, but this group managed to keep happy by taking a hike to Clarence Redner's sugar bush to have a look around and when it was raining the girls worked at various crafts inside. A very important, yet pleasant duty they had to perform while there was to hold a tree planting cermony with all the trimmings, during which time an apple tree and a pear tree were planted, a gift to Mr. & Mrs. Finch in appreciation of the kind hospitality the Guides had been shown while in Haliburton.

Naturally, all were sorry when "home time" came, so we expect to hear of that Markham Co. being up this way again. Mrs. Collins shepherded her girls home, then returned later to visit with her parents and to have a much needed rest.

***

Mrs. Nellie Thompson made a business trip to Peterborough last Wednesday to keep an appointment for her son, Jim, who has a serious eye problem.

***

Surprise guests of Mrs. W. Johnson, on Tuesday last, were Mr. & Mrs. David Forsythe, Mrs. Olive Johnson, Mrs. Rhoda Johnson and Mrs. Mae Dauncey, all of Peterborough.

***

Mrs. Margaret Cook is visiting with the Howie Thompson's this week in Huntsville.

***

Mr. Lloyd Harrison is having a week of his holidays at his cottage. He is pleased with the weather so far, but not with Maple Lake - the water is still too cold..br-r-r!

***

During the Rev. D. Brown's absence, St. Peter's had as preacher and celebrant last Sunday, Father Mark Gudwin, the Assistant Curate of St. Jude's Anglican Church, Wexford, Scarborough.

***

Being invited to attend the Grade 8 graduation exercises at the Senior Elementary School in Haliburton, June 23, I attended and thoroughly enjoyed the whole afternoon. What a fine group (102 I believe) of young people received their certificates that day. The young ladies were resplendent in beautiful long dresses and the boys smartly dressed also with not a wisp of hair out of place.

I was surprised to see several young folk from our local community in the group, namely Kim Griffin, Karen Eager, Allan Barnhart, Doris Wolm, Allan Cook, Judy Hutchings, Bonnie Stevens, Kelly Harrison, Sharon Harrison and possibly others whom I do not know. I wish to say congratulations to all of these students and especially to my great-niece, Vicki Lynn Smith.

***

We are sorry Mrs. Leigh Sisson is having such a miserable time with shingles. After seeing the specialist on Thursday, and with a change in treatment and medication, let's wish Minnie a speedy recovery.

***

Mr. Whitney Barry who has been in poor health for some time, and who has spent a period of time in Haliburton Hospital, was released a short time ago.

Two weeks ago Mrs. Elizabeth Nunn drove to Ramore, near Cochrane, Ont., taking Mr. Barry to attend a daughter's (Lillian Bugo) second marriage, as he was to give the bride away. Unfortunately, when they arrived at Ramore Mr. Barry was ill again and had to be taken into the local hospital for treatment. However, his condition seemed to improve and he was allowed to attend Lillian's wedding June 18th where he played his important role, but only on condition that immediately after the wedding Mr. Barry must go for hospitalization again, but this time to Cochrane, 60 miles away, where his doctor was practising.

Mrs. Nunn reports Mr. Barry to be in quite serious condition still and is likely to have to remain in hospital for some time yet.

Apparently it was a lovely wedding, a day of great happiness and enjoyment for all present. Some 60 guests partook of delicious refreshments and knowing Mrs. E. Nunn, you may be sure she was in the thick of things, helping in every way she could.

Is it any wonder that this lady reports being very tired after her long trip home from Cochrane, 380 miles, and driving all alone, on June 21st.

Best wishes to Whitney Barry for a good recovery; also best wishes to the newly marrieds; and congratulations to you, Mrs. Nunn, on a "Mission Successfully Accomplished"!

***

Rainfall helps lakes

Rainfalls that began Thursday night, June 16 and recurred Saturday, June 18 and Monday, June 20, have given some noticeable respite from the parched conditions discussed in this column last week. Several Kawartha Lakes levels rose one or two centimeters, enabling us to reduce our drawing of Reservoir water to minimum requirements early this week.

Reservoir storage on Monday, June 20, stood at about 70 per cent of maximum compared to an average of about 86 per cent on the long term. Evaporation has been much less as well during this wetter weather. Precipitation at Minden from June 16 to 21 totalled 1.37 inches which appears to have helped the levels of many reservoir lakes.

Boaters on the Waterway are reminded that the navigation range is still being maintained, even though there has been a general lack of precipitation along the system.

Gems of Truth

A careful study of the Book of Acts as found in the Bible reveals the fact that it is the beginning of Christianity and its growth and progress in the world during the first century of the Church age. The Book opens with the witness concerning our Lord Jesus Christ at Jerusaleum and closes with the same testimony at Rome, the very seat of heathenism and political power in those early days of the Church. The message spread from Jerusalem to Rome in less than half a century because such was the growth and progress of the Church in the first century of true gospel witnessing. There was phenomenal growth because the "Risen Lord" wrought in power and a Spirit-filled Church blazed through the world with the Gospel message like an army going forth to conquer, taking in new territory, opening new centres of testimony, and practically studding the country with assemblies of true believers in Christ.

In a study of the Book of Acts, we need to constantly remind ourselves of the fact that it is a transitional Book, intended to show how a redeemed people came out from under the Law and legal economy into the dispensation of the "Grace of God," as well as how the Gospel made its exodus from the Jews to the Gentiles. This Book is therefore a supplement to the four Gospels which precede it and serves as an introduction into the Epistles of the New Testament. It is primarily the bridge that spans the gulf between Judaism and Christianity. It ever remains therefore, the Book in Scripture which covers the transitional period.

At the close of the eleventh chapter of Acts we find a new centre of Christian activity established. Jerusalem is now largely lost sight of except for a brief referral in connection with persection of believers. Acts 15. Antiock is now the prominent centre of activity and becomes the new seat of Gentile worship and the headquarters of the Church and its first regular missionary enterprise. Up until this time the movement of the disciples were more or less uncertain, having been "scattered abroad" by persecution, 8:4, 11:19-26. Now, at Antiock the true purpose of the existence of the Church takes on more definite shape and form.

Now the purpose of God concerning the heathen world comes to light and His plan by which the Gospel would be brought to them. This is an entirely new period of God dealing with mankind. God never changes. He remains the same yesterday, today, and forever, but His program for man moves on in His appointed time. That program calls for change and here in Acts we find a good example of it. Every detail of it should be carefully noted so that the Word of Truth can be rightly divided. II Timothy 2:15. A careless interminglingof truth that belongs to some other period of time brings havoc to proper interpretation of Holy Writ.

The Church at Antiock was blessed with a few good and sound Godly men who were endowed with spiritual perception and who were willing to put the gift to use. The Lord of the Church gives each member of His Church a gift or ability to serve Him. This is the greatest heritage of any assembly. To have a congregation thus equipped is a blessing indeed. It is quality and not great numbers that count. such a church was the church at Antiock. This congregation or maybe assemblies was directed of the Holy Spirit to co-operate with Him in sending forth the "first missionaries." This was keeping in line with the definite and Divine purpose of future missionary enterprise.

The Holy Spirit now assumed full control of affairs concerning His Church. Sixteen years have passed into history since the advent of the Holy Spirit on the Day of Pentecost and during that time God had been directing things toward the elimination of Jewish prejudice so that the Gospel could flow unhindered to the great unsaved world that lay at their doorstep. What a lesson for us today. How many man-made barriers need to be removed in order that no other name would be heard by unsaved but the name of Jesus.

Continued next week

Cardiff Council

The regular meeting of the Council of the Township of Cardiff was held on the above date with the following members present: Malcolm McGillivray - Reeve; Mack Peters - Deputy Reeve; Ross Lawrence, William Hutton, Donald Wright - Councillors.

Also in attendance were Frank Mirtren & Bernard McGaughey, Goldie Watson and Mabel Ayotte.

Ross Lawrence - Donald Wright: That the minutes of the last regular meeting held on May 11, 1977 be adopted as read. Carried.

Ross Lawrence - Donald Wright: That Application for Consent #H-122/77 and H-135/77 (re: Sucie) be approved. Carried.

Ross Lawrence - W. Hutton: that a by-law to enter into an agreement with the Province of Ontario as represented by the Minister of the Environment with respect to improvements to the Waste Management sites, be read. Read a first, second and third time passed, signed and numbered 16-77. Carried.

Ross Lawrence - Donald Wright: That a by-law to enter into an agreement with the Township of Herschel with respect to the maintenance of a road located in the Township of Cardiff, be read. Read a first, second and third time, passed, signed and numbered 17-77. Carried.

Ross Lawrence - Donald Wright: that we increase Mrs. Cooney's salary to $85.00 per month effective May 1977. Carried.

Mack Peters - Ross Lawrence: That the following accounts for the month of May 1977, be paid: Road Voucher #5 in the amount of $55,486.21 and Municipal Voucher # 5 in the amount of $6,519.94. Carried.

Ross Lawrence - Mack Peters: That we adjourn this regular meeting and meet again on July 7, 1977 at 7:00 p.m. or by call of the Reeve. Carried.

Tenders called

Transportation and Communications Minister James Snow announced that tenders have been called for grading, drainage, granular base and hot mix paving on Highway 35 from 0.1 miles north of the south junction of Highway 121 northerly for 2.9 miles; and grading drainage, granular base and hot mix paving on Highway 121 from Highway 35 easterly for 0.3 miles.

Tenders will be opened for this project in Ministry headquarters in Downsview, July 27.

Get-away Country

There won't be any lost or misguided tourists in "Get-away Country" area this summer if all goes well with the Ministry of Industry and Tourism.

As part of the Ontario Government's Experience '77 Program, "Get-away Country" (the Ministry's Travel Association for the Central Ontario area), held a two day training seminar on Tourism in Peterborough on June 15th and 16th.

The purpose was to take 23 students from key locations throughout the Central Ontario area and turn them into experts on Tourism publications put out by the Ministry of Industry and Tourism, Natural Resources and Transportation and Communications.

The seminar explained to the Tourist Counsellors how "Get-away Country" is involved in promoting tourism in the Central Ontario region, outline the travel and tourism industry, teach them to use Government publications and road maps, Ministry films on the various tourist attractions throughout the Province and on how tourism influences a community in a financial way.

Minden News

BY JEANNE SEARS

Sincere sympathy goes to the family and friends of the Late Gerald O'Connor who died since last week.

***

Everyone sends good wishes to Edwin Hewitt who is ill in the hospital side at Hyland Crest and to Mrs. B. J. Walker suffering a broken wrist, and to Glenn Stamp who suffered a broken ankle.

***

Mrs. Russell Lewis visited over the weekend with her cousins, Miss Isobel Davies of Lindsay and Mr. & Mrs. George Maddocks at Valentia.

***

Congratulations to the newlyweds, Mr. & Mrs. Raymond Johnson (nee Deborah Rose Casey) and to Mr. & Mrs. Nelson Johnson (nee Audrey Christine Casey) who were married on Saturday.

***

The community sends belated good wishes to these people at Hyland Crest celebrating birthdays in June - Ada Lewis, Marjorie Kanally, Robert Kernohan, Bruce Sims, Frank Simms and Alfred Cox.

***

The Martha Group of U.C.W. enjoyed a delightful dinner party at the Wagon Wheel last Wednesday evening and 41 ladies were present and had an evening of cards afterwards.

***

Once again there will be a Story Time at Minden Library on Thursday mornings at 10 for preschoolers and up. Bring your little ones in as we know they love a story.

***

About 7 a.m. this Wednesday the bus will leave for the Scouting Jamboree at P.E.I. and this bus will be full of youngsters and equipment as they are camping and will be home again perhaps on the 12th of July.

***

Two charged with theft of clothing from cabin

Two persons have been charged in connection with an incident involving the theft of clothing from a cottage at Hospitality Inn, June 22.

The Minden detachment of the Ontario Provincial Police report that $120 in clothing was taken from a cabin rented by Richard L. Pyman, 20, of Toronto.

It was later recovered in another cabin.

Charged with break, enter and theft are Kenneth P. Laferla, 23, of Toronto, and James D. Ward, 19, of R.R. 1, Minden.

Still looking for body in Gull Lake

The Minden detachment of the Ontario Provincial Police is still looking for a man who was last seen sailing on Gull Lake.

The police report that they are presently dragging the lake.

The man was last seen a week ago and his boat turned up empty the same day.

A police spokesman said that it is likely a drowning.

Report from Queen's Park

BY MPP JOHN EAKINS

The 31st Ontario Parliament will officially open on Monday, the 27th of June.

There is to be a Speech from the Throne, and many, if not all, of the bills outstanding on the Order Paper when the 30th Legislature was dissolved, will be reintroduced.

A Statement by the Treasurer is to be tabled, and the Budget Debate will continue.

Among legislation to be considered is that on a Unified Family Court. Bill 189, tabled last December 13th, was intended to create a Court capable of dealing with all family matters in one forum in which is combined all the present jurisdiction of the Supreme Court, county courts and provincial courts in family matters. Judges necessary for the new Court would be judges who are appointed under Section 96 of the British North America Act as county court judges and who are, therefore, local judges of the Supreme Court under The Judicature Act. The jurisdiction of these local judges of the Supreme Court in family matters is extended to all the jurisdiction that a Supreme Court Judge has in those matters. The Bill would also authorize the Judges to act as provincial court judges in family matters.

The Unified Family Court is initially established only for The Regional Municipality of Hamilton-Wentworth.

An Act to amend The Unified Family Court Act is being tabled by the Attorney-General. Proposed amendments result from the postponement of the passing of The Family Law Reform Act, 1977, as proposed in Bill 6. Adjustments are needed to permit the Unified Family Court to adjudicate between July 1st and the date that Act comes into force when passed in matters originally designed to be replaced by The Family Law Reform Act on July 1st but now postponed. This includes the temporary inclusion in the schedule of existing forms of action and the temporary requirement that judges of the Court be surrogate court judges having jurisdiction respecting custody of children.

You will recall that an all-party legislative committee decided to delay passage of the proposed marriage law reform bills to give interested groups more time to make submissions. Members were torn between a wish to delay the legislation to provide opportunity for public input, and concern that if the reforms were delayed they might be stalled yet again by the intervention of a provincial election. Following mounting pressure, the committee agreed to advertise for public submissions and give clause by clause consideration to the bills in committee rather than in the House where the public cannot take part in the debate.

Predictions are that the First Session of the 31st Parliament will be very busy, although comparatively short.

I look forward to reporting to you on proceedings at Queen's Park. Please don't hesitate to contact me if I may be of any assistance.

See you next week.

Minden OPP investigate 10 motor vehicle accidents

Members of the Minden detachment of the Ontario Provincial Police investigated a total of 10 motor vehicle collisions and 83 general occurrences between June 20 and 26.

There were five break-ins reported, five compassionate messages delivered, three persons charged with Liquor License Act violations and two persons charged with impaired driving.

The Deep to play July 6 at theatre

"The Deep," based on the best-selling novel by Peter Benchley, his first since "Jaws," will open Wednesday, July 6th, at the Molou Theatre. Featuring extensive underwater scenes, "The Deep" stars Robert Shaw, Jacqueline bisset, Nick Nolte, Louis Gossett and Eli Wallach as the participants in a terrifying adventure which follows the discovery of two sunken treasures on the ocean floor off Bermuda.

Nick Nolte and Jacqueline Bisset are a young vacationing couple, scuba diving near the island, who discover a fortune in Spanish treasure in the wreck of a galleon and thousands of strange glass ampules in the hold of a wrecked World War II freighter. Their find brings them in contact with Shaw, a reclusive treasure hunter and diving expert, and Gossett, a Haitian mystery man with a penchant for wealth at any cost.

The four stars performed their own diving in underwater sequences of the film, which was photographed above and below four separate oceans, using sophisticated new camera, sound and lighting techniques. Fifth star, Eli Wallach, cast as a loquacious beach derelict, played his scenes above the waterline.

"The Deep," a Columbia/EMI Presentation, is the Casablanca Filmworks Production of a Peter Yates Film. It was produced by Peter Guber and directed by Yates from a screenplay by Tracy Keenan Wynn and Peter Benchley, adapted from Benchley's novel. The motion picture is rated PG by the M.P.A.A.

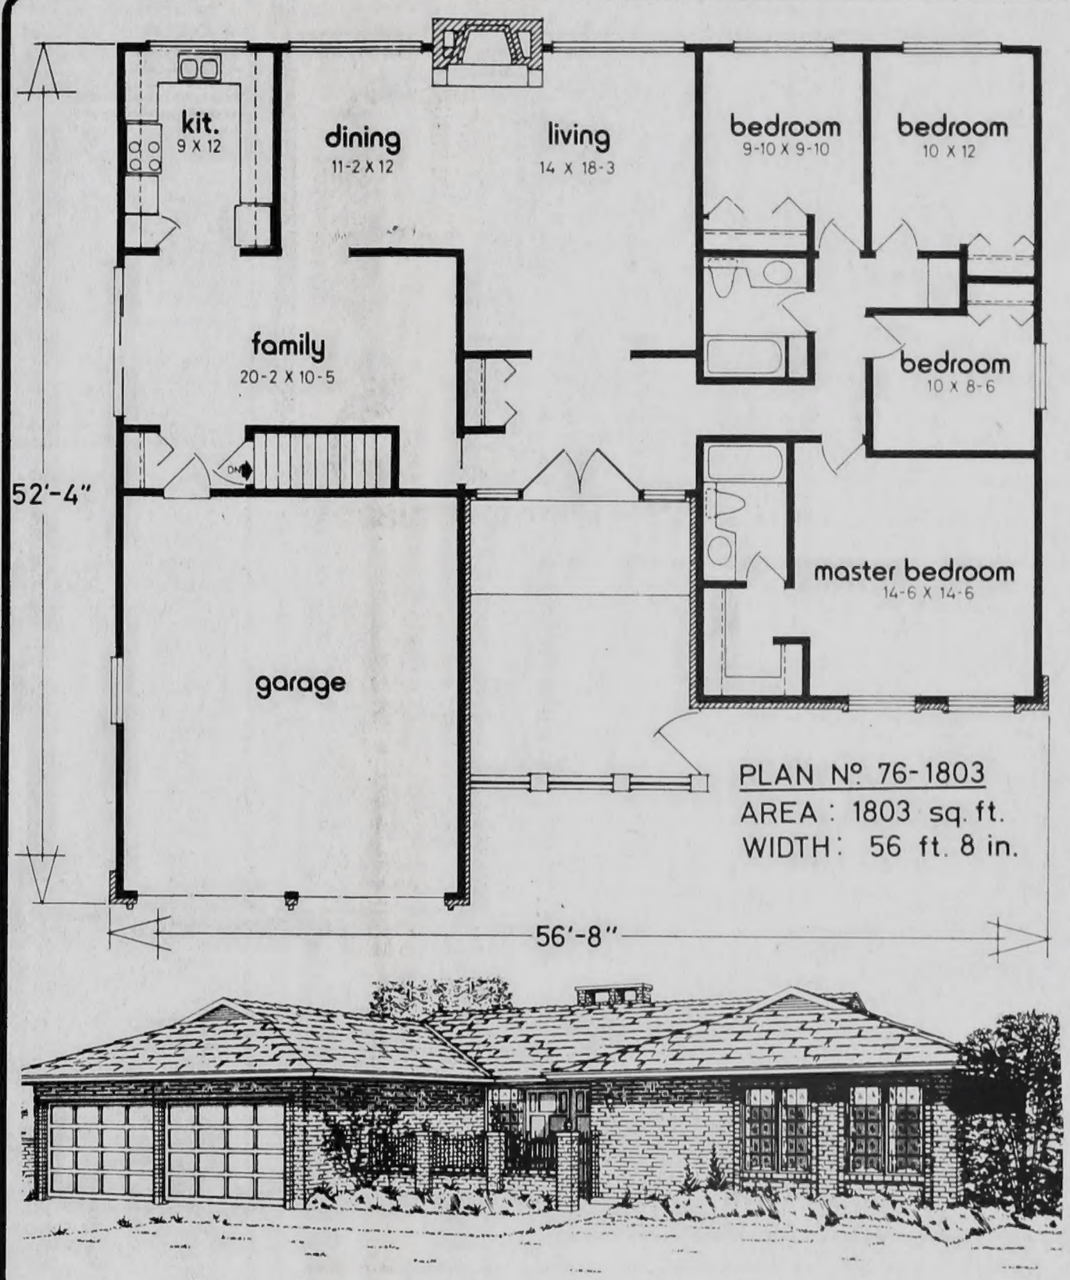
HOME of the WEEK



PLAN Nº 76-1803
AREA : 1803 sq. ft.
WIDTH: 56 ft. 8 in.

The exterior of this four bedroom family home has the solid look of brick veneer, complimented by heavy textured shingles. Wrought iron gates enclose the front court yard that leads to the twin panelled front door.

A larger than normal front foyer has a guest coat closet, a pocket door for direct access to the family room on the left. An arch on the right leads to the bedroom wing and full bath that doubles as a guest powder room. Directly ahead the large arch-way, leads to the living room.

The dining-living room features a brick, wood burning fireplace flanked by two large picture windows with a view to the rear.

Ideally suited for many activities the family room is designed for a sizeable family. During fine weather sliding glass panels open to the exterior and a possible patio. There is also direct access from the double garage to the family room.

Situated within hearing distance of the family room and a few steps from the dining room, the U-shaped kitchen is complete with every convenience and has a view-window to the rear.

From the family room area stairs lead to the basement, where there is plenty of room for future expansion. Roughed in plumbing and fireplace make is possible to install a full bath to service additional bedrooms and the fireplace will create a cozy recreation room.

A utility room, with washer and dryer, as well as an ironing space, keep the essential services in one area.

Four bedrooms are secluded in the bedroom-wing, far removed from the T.V. in the family room. The three smaller bedrooms are served by the full bath off the inner hall. A full bath en-suite and walk-in dressing closet, give added luxury to the very large master bedroom.

A good looking home of quality, designed for the growing family.

Plan for design No. 76-1803 may be obtained at a cost of $70 for the first set and $9 for each additional set, plus $3.50 for postage and handling. B.C. residents please include 7% sales tax.

Send for the current edition of Select Home Designs Series #33 featuring imaginative decorating and home improvement ideas plus more than 300 quality home plans of every type. Available for $2.25 ($1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, c/o The Haliburton County Echo, 382 West Broadway, Vancouver, B.C. V5Y 1R2.

Why I hate June

June is not my favorite month of the year. Maybe it's because on the second day of that month, about 80 years ago, it seems like, I was ushered into the world, somebody gave me a slap on the bum, I started to cry, and I've been a bit jaundiced about June ever since.

It certainly has some advantages over, say, January. There are no ten-foot icicles hanging from the roof. You don't have to fight your way through snowdrifts to get to the car. But it has its own plagues.

As I write, a three-inch caterpillar is working his way across the windowsill to say hello. I know he'll be a beautiful butterfly any day, but last night I stepped on his brother, in my bare feet and the dark, on the way to the bathroom. Ever try to get squashed caterpillar from between your toes?

No, I don't live in a tree-house. The little devils come up from the basement, or through a hole in the screen. And they have friends and relatives. Just as I typed that sentence, a black ant, about the size of a mouse, scuttled across the floor and under a chair. He looked big enough to carry off one of my shoes and masticate it in a quiet corner.

Insolent starlings strut about my back lawn, scaring the decent birds away, when they are not trying to get into my attic through a hole the squirrels have made, or pooping all over my car, as it sits under a maple tree, which is also making large deposits of gook and gum on the vehicle.

Wasps and bumble bees are as numerous and noisy and welcome as gatecrashers at a cocktail party, if you dare take a drink into the back yard for a peaceful libation.

If it's humid and stinking hot, as June so often is, it's like courting carnivorism, whatever that is, to sit out in the evening. The ruddy mosquitoes turn you into a writhing, slapping, squirming bundle of neurotic frustration in ten minutes.

Go up north into cottage country and you wish you were back home with the mosquitoes. The blackflies up there can be heard roaring with laughter as they slurp up that guaranteed fly dope you've plastered yourself with, and come back for more. They'll leave you bloody. And not unbowed.

I have never yet seen, or heard of, a June when the weather was right for the crops. It's either too wet and hot for the hay, or too dry and hot for the strawberries, or too cold for the garden to get a good start.

Only dang thing June is any good for is the grass you have to mow. Stick your head out some evening, with your mosquitoe net firmly in place, and you can *hear* the stuff growing.

June is murder for young mothers, trying to get their infants to go to sleep at their usual hour. What kid of two in his right mind is going to settle down in bed at eight o'clock, with the sun streaming through the drapes, the birds yacking at each other, and the teenagers, who have come alive after a six-month's torpor, squealing their tires at the corner?

For mothers of slightly older kids, it's even worse. On a nice, cold, January night, they can feed the kids and stick them in front of the TV set, or nag them toward their homework. No problem.

On an evening in June, those same kids, from six to sixteen, take off after supper like salmon heading up to spawn, and have to be hollered for, whistled for, and sometimes rounded up physically, with threats, after dark.

In January, even the hardy teenager will hesitate to venture out into the swirling black of a winter night. In June, the same bird will hesitate to venture in from the balmy black of a summer night, where sex is as palpable as the nose on his face, and probably a better shape.

June is a time when the land is infested with not only tent caterpillars and other pests, but an even worse virulence of creeps: politicians, with instant remedies for age-old ills. I'll take a plague of tent caterpillars any day.

June is also the time for another of the institutions that tend to maltreat the inmates: marriage. Why anybody, of either sex, wants to get hitched in sticky old, sweaty old June, with all its concomitants, I'll never know. But they do, and people go around with vacuous looks talking about June brides and such. (No offence to my niece Lynn, who is getting married this month. Boy, that'll cost me.)

June is a month when all the ridiculous organizations with which we surround ourselves have their last meeting before the summer break. It's too hot. The turkeys who always talk too much at meetings seem to go insane because they'll have to shut up for two months, and go on until midnight.

June is a time when people go out of their minds and buy boats and cottages and holidays they can't afford and new cars for the big trip and fancy barbecues that will rust in the backyard all winter.

June is the month when I have to sweat in a boiling building through my most unproductive work as a teacher: counting books, stacking books, ordering books, fiddling marks, planning course outlines, when I could be playing golf or drinking beer or doing something worthwile.

Lead on July, with some of that hot, dry weather, some big, black bass, lots of fresh vegetables out of the garden, and an end to the vermin of June, human and otherwise.

Report from Ottawa

BY MP BILL SCOTT

Last Wednesday, Prime Minister Trudeau stated in the House of Commons that the Quebec government has a right to restrict the rights of English-speaking Quebecers to have their children educated in the English language.

Trudeau was responding to criticism of his failure to take a stand against the principle of the Quebec government's Bill One, a bill that proposes to make French the only official language in that province, and to severely restrict the use of English in education, government and business.

Typically, Trudeau followed up his statement of support for Bill One by saying that the rest of the provinces should expand their services in French, and that they should build schools wherever there are French Canadians who want to be educated in French.

That is not the level of leadership that the Canadian people have a right to expect from their federal government. It is political brinkmanship, pure and simple, and it plays right into the hands of the Quebec separatists. They are being told that they can push Canadians as hard as they wish, and the Prime Minister will support them all the way.

There are two points that must be made in this case. One is that the Quebec bill runs counter to the provisions of the Canadian Constitution concerning language rights. The second is that it also runs counter to the Official Languages Act, passed by Parliament in 1968.

Education is a provincial responsibility and the prime minister of Canada can only involve himself directly in a provincial education system when it can be demonstrated that a system is denying Canadians their rights as guaranteed by the BNA Act, or by other acts of their federal Parliament. In this case, the federal statute concerning language rights cannot be legally superseded by a provincial statute.

By failing to assert federal authority in these matters, the prime minister is fueling the fires of separtism by implying that the federal system in Canada is weak and ineffective, and that our federal government is powerless to deal with threats to the Canadian Confederation.

Still another example of Prime Minister Trudeau's failure to accept responsibility for matters in the federal jurisdiction concerns the current dispute between the Quebec government and the Mohawk Indians who have been hired to paint the federal bridge linking Ottawa and Hull.

This dispute involves the larger issue of traditional rights of our Native Peoples. By international agreement, Mohawk Indians, famed for their ability to work in extremely high places, can move freely throughout North America without having to acquire work permits from provinces or states. The Mohawks in question live on a reserve in Cornwall, Ontario, and the Quebec government insists that they will need provincial work permits to be allowed to paint the Quebec side of the bridge.

The bridge being painted is a federal bridge. Guarantee of Native Peoples' rights is a federal responsibility. Clearly this is a matter that must be settled by the federal government. We are being asked to accept the ridiculous situation whereby Mohawk Indians can move freely across the Canada/U.S. border, but they can be prevented from painting one half of a federal bridge because it happens to be over the Quebec side of a river.

This International Bridge affair is only the latest in a succession of trial balloons floated by the Levesque government, to see if the federal government will act to protect the rights of its citizens. It is time for Prime Minister Trudeau to stop counting votes and exercise leadership. The future of Canadian Confederation is at stake.

Glen Scheffee wins Minor Hockey Assoc. draw

Winners of the Haliburton minor hockey draw were Glen Scheffee of Haliburton, a 10 speed bicycle; Mrs. Nelda Culley, Carnarvon, a barbecue; D. M. Finch, R.R. 1, Haliburton, a rod and reel.

Wayne Welch of Maple Lake was given an award as the seller of the most tickets.

A total of $1,325 was raised which means a total of $1,100 will be given to Haliburton Minor Hockey.

In the hospital

In the Haliburton Red Cross Hospital this week are Doug Armstrong, George Elstone, Olga Roberts, all of Haliburton and Ethel Fader of R.R. 1, Haliburton.
